BROADCAST BY THEIR MAJESTIES' ELDEST DAUGHTER TO CHILDREN IN HOME COUNTRY AND OVERSEAS

"We children at home are full of cheerfulness and courage. We are trying to do all we can to help our gallant sailors, soldiers and airmen and we are trying to do our share in the sadness of war. We know that in the end all will be well, for God will give us victory and peace and when peace comes, remember that it will be for us, the children of today, to see that the world of tomorrow will be a happier and a better place."

THIS WAS PART OF THE MESSAGE WHICH HER ROYAL HIGHNESS PRINCESS ELIZABETH SENT TO THE CHILDREN OF THE BRITISH EMPIRE, WHEN SHE BROADCAST FROM DAVENTRY LAST NIGHT.

The announcer, in introducing Princess Elizabeth, said that in the history of the B.B.C. children's hour, yesterday was very important. Some time ago, he said, they had the honour of a visit from the King and Queen and the two Princesses. Today Princess Elizabeth had come to take part in the children's hour and to speak to the children of the Empire at home and overseas.

HAPPY HOURS

Princess Elizabeth said: "I am, speaking for all those who share with my sister and myself, many

PRINCESS ELIZABETH

happy children's hours. Thousands of you have had to leave your homes and to be separated from your fathers and mothers. My sister Margaret Rose and I feel so much for you as we know from experience what it means to be away from those we love best of all.

"To you we send a message of true sympathy and at the same time, we would wish to thank all those kind people who have taken you into their homes, in the country, and to you who are still in your home and also to friends and relatives overseas who have travelled thousands of miles to find war-time homes in Canada, Australia, New Zealand, South Africa and the United States of America."

NO FORGETTING

"My sister and I feel we know quite a lot about these countries. Our father and mother have often talked to us about their visits to different parts of the world. So it is not difficult for us to picture the life you are leading, but I am sure that you too, are often thinking of our country."

"I am sure you don't forget us, because we are not forgetting you, and I want, on behalf of all the children at home, to send you our love and best wishes to you and your kind friends as well."

"Before I finish, I want to say to you that we children at home are full of cheerfulness and courage."

DO ALL WE CAN

"We are trying to do all we can to help our gallant sailors, soldiers and airmen and we are trying to do our share in the sadness of war. We know that in the end all will be well, for God will give us victory and peace and when peace comes, remember that it will be for us, the children of today, to see that the world of tomorrow will be a happier and a better place."

"My sister is by my side, and we are both going to say good-night to you."

At this stage, Princess Elizabeth was heard to say to her sister, "Come on Margaret."

Princess Margaret Rose's voice came over the air with the words, "Good night."

Princess Elizabeth concluded her broadcast by adding, "Good night to you all."

The announcer on behalf of the B.B.C. thanked Her Royal Highness and wished the two Princesses good luck from children everywhere.

IMPORTANT ANNOUNCEMENT BY ROOSEVELT: "COURSE IS CLEAR"

COMPLETE CONFIDENCE EXPRESSED

LONDON, Oct. 13 (Reuter).—Complete confidence is expressed by General de Gaulle in a telegram to Mr. Churchill, the Prime Minister, from Duala saying that from French soil wherever the enemy has no control, "I send you and the valiant peoples of the British Empire an expression of complete confidence and faithful friendship from 14,000,000 Frenchmen or French subjects bound to me in the prosecution of the war on the side of the Allies until final victory."

Mr. Churchill replied sending best wishes to all Frenchmen who are resolved to fight with us and we shall stand together until we share in triumph.

No Likelihood Now That The U.S. Can Be Blackmailed

NEW YORK, Oct. 13 (Reuter).—There is no likelihood now as there was 16 years ago that the United States can be "blackmailed," says the NEW YORK TIMES discussing American-Japanese relations.

"It is a few more months than 16 years since Ambassador Hanihara informed the Secretary of State Mr. Hughes, that the adoption of legislation, nullifying the gentlemen's agreement and the checking of Japan's immigration would involve war," the paper states.

"The Japanese Press under most rigid censorship today, are making no efforts merely to imply as Hanihara did, the suggestion of retaliation. On the contrary United States is being loudly threatened with a Pacific war, if aid to Britain and China continues."

"But if the totalitarian Japanese memory is not so short, the experience of Hanihara might suggest a lesson that 'the United States has often been willing to be wheedled and cajoled, it is occasionally deceived. There is however, little likelihood that it can be blackmailed now as there was 16 years ago.'"

TOM MIX KILLED IN CAR CRASH

FLORENCE, ARIZONA, Oct. 13 (Reuter).—Tom Mix, famous movie star, idol of millions of juvenile fans during the "Wild West" era of films, was killed, yesterday when his car went out of control and overturned near here.

TODAY'S WAR SUMMARY

THE GERMAN INVASION OF RUMANIA is officially confirmed. In Bucharest a welcome was staged by the Premier, Gen. Antonescu, for the Headquarters Staff of the German forces, officially described as a "military mission." The Balkan situation is becoming clearer and it is noteworthy that despite Italian pressure, the Bulgarian Government has maintained correct friendly relations with Yugoslavia and Greece. Also her attitude towards Turkey has been very steady.

A LARGE FORMATION OF MESSERSCHMITTS flew very fast and very high over the Kent coast towards London on Saturday. Impossible weather was encountered by British heavy bombers en route to some of their targets on Friday night, according to an Air Ministry bulletin. Bremen was attacked at the same time as Wilhelmshaven and Kiel. Invasion ports, including Antwerp, Ostend and Calais, were again bombed. Travellers arriving in Istanbul describe the havoc wrought by the R.A.F. in Germany.

IN A TELEGRAM TO MR. WINSTON CHURCHILL, Premier, Gen. de Gaulle expressed complete confidence. The former, replying, sent his best wishes to all Frenchmen who had resolved to fight on the side of the Allies until final victory.

A DEMONSTRATION TOOK PLACE IN TOKYO in celebration of the conclusion of the Tripartite Alliance with Germany and Italy. The Japanese capital broke out in a rash of Japanese, Italian and German flags for the occasion and many meetings were held.

"No Combination Of Dictator Countries Will Stop Aid We Are Giving To The Free People Resisting Aggression"

"OUR COURSE IS CLEAR. Our decision is made and will continue to help those who resist aggression. The men and women of Britain have shown how a free people know to defend what is right. It is proof that democracy, when put to the test, can show the stuff it is made of. Long live Democracy."

THESE ELOQUENT WORDS FORMED PART OF AN IMPORTANT SPEECH MADE YESTERDAY BY PRESIDENT ROOSEVELT WHEN HE OUTLINED THE ATTITUDE OF THE UNITED STATES TOWARDS THE PRESENT DEVELOPMENTS IN THE INTERNATIONAL SITUATION. HIS SPEECH WAS BROADCAST IN THE NEWS BULLETIN FROM DAVENTRY.

"Americans," declared Mr. Roosevelt, "will not be spared or threatened in the way the dictators want us to feel. No combination of dictator countries in Europe and Asia will stop the help we are giving to the free people who are resisting aggression."

Mr. Roosevelt reminded the world that the Western Hemisphere did not want war with any nation.

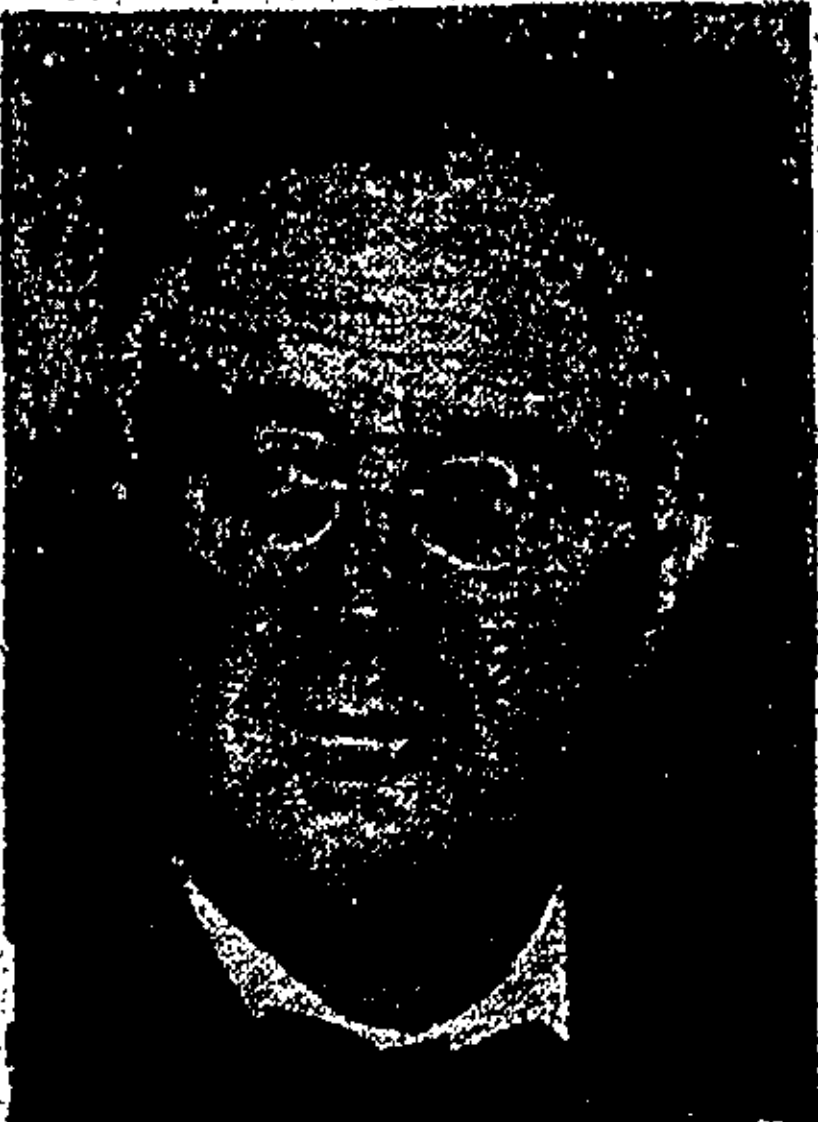

"It is simply because we want to keep war away from the two continents that we are arming and we are mustering all our strength for that purpose," he said. "The Americans have learned their lesson. We know now that if we seek appeasement by withholding aid from those who are holding aggression at bay, we are only hastening the day when these dictatorships will attack us."

"Why are Americans accepting the assurance that they are immune from the designs of the aggressor? Not long ago the same assurances were given to Holland and Belgium."

Referring to the activities of the Fifth Column in the Western Hemisphere, Mr. Roosevelt said: "We are determined to use all our energies and our resources to counteract the foreign propaganda now directed against all the republics on this side of the Atlantic."

WILLKIE ALL FOR BRITAIN

BOSTON, Oct. 13 (Reuter).—"I am resolved to do everything in my power to strengthen the heroic English people and at the same time we must make the air force, army and navy so strong that no dictator dare tamper our interest," declared Wendell Willkie in a speech.

PRESIDENT ROOSEVELT

Mr. Roosevelt reaffirmed the traditional policy of the United States to defend American territory.

"That means," he declared, "the right to the peaceful use of the Atlantic and the Pacific. We of the Americas are convinced that the defence of these oceans is the first factor in the defence of our own territorial integrity."

"It is for this purpose that we have leased bases from Newfoundland to Guiana and these bases will be open to the other republics here for co-operative use."

"For the first time," continued Mr. Roosevelt, "the United States is mustering her army and her navy for peace and is ready to use it against any combination of hostile Powers."

AXIS POWERS PLANNING DESPERATE MOVE

Japan Has Important Place In Picture

NEXT DEVELOPMENTS AS SEEN BY AMERICAN JOURNALIST

Expressing the view that the recent intensification of German air raids on Britain were an attempt to distract British attention from some new move which the Axis Powers were planning in South-East Europe, MR. WARREN IRVING, well-known American journalist, had some interesting comments to make on what he considered would be the next developments when he broadcast from Daventry last night.

After describing an air raid over London, from which he himself had a narrow escape of being seriously hurt by

falling masonry from a bomb falling on a purely non-military objective, Mr. Irving paid a fine tribute to the work being done by the auxiliary services and other units which went to work after these raids.

Continuing, Mr. Irving said: "There has been a noticeable increase in the German air attacks this week. There must be a reason for this. The Germans say the raids are by way of reprisals for what the R.A.F. are doing in Berlin, but in my opinion that reason does not suffice."

"I think the Germans are about to do something and I think they are trying to keep the R.A.F. occupied while they make their preparations for it. I think the Germans are planning large-scale operations in South-East Europe and that by focusing attention on the air attacks on Britain and keeping the R.A.F. occupied at home, they hope to concentrate a

Non-Violent Resistance To Viceroy

WARDHA, INDIA, Oct. 13 (Reuter).—It seems that Gandhi will send the Viceroy a letter saying as the Viceroy is unable to concede the unrestricted freedom to preach pacifism and non-violence as the Congress creed, he must passively and non-violently resist the Viceroy's decision.

Any wide movement appears improbable in the beginning at any rate.

The action contemplated is very narrow and intended to be symbolic and strictly limited to those authorised by Gandhi.

"Flying Fortress" Bombers To Britain

NEW YORK, Oct. 13 (Reuter).—The question of turning over some "flying fortress" bombers to Britain will soon be reconsidered, says the NEW YORK HERALD-TRIBUNE, quoting well-informed circles.

Britain, he adds, is now urgently asking for them, but in any case, delivery will not be expected before the elections.

The Herald-Tribune quotes the report published by one paper stating that 34 fortresses were already flown to Britain, and adds that when an official of the War Department was questioned about the report, the reply was: "No discussion, no confirmation and no denial."

and fires were seen after the attacks from the other aircraft. Bremen was attacked at the same time as Wilhelmshaven and Kiel and a series of explosions were observed after the raid and three fires were blazing when the bombers left. Docks and the Deutsche petroleum works at Hamburg were also bombed and fires started.

AERODROMES BOMBED

Several aerodromes on the islands along the Dutch and German coast suffered severely, including De Kooy, Texel, Norderney, Wangeroo and Sylt.

During the attack on De Kooy, a heavy bomber which was attacked by two of the enemy, shot one of them down into the sea. At Den Helder, one pilot descended to 5,000ft. and attacked shipping along the quayside causing five fires. Evidently ships and sheds were hit. Other bombs are known to have fallen on the jetty.

Invasion ports, including Antwerp, Ostend, Calais, Boulogne and Letreport were again attacked last night, resulting in a large explosion and fires in Boulogne harbour and fires in the harbour of Ostend.

UNCANNY PRECISION

ISTANBUL, Oct. 13 (Reuter).—Travellers reaching here who describe the havoc caused by the R.A.F. bombings in Germany, comment particularly on the "uncanny precision" with which British bombs and their targets.

It is declared that following one of the attacks on Hamburg, five merchant ships were sunk in the harbour which suffered enormous damage and now practically unusable although the city itself is hardly touched.

Oil tanks there are said to be burning continuously.

At Hanover the travellers add that Yugoslav workers asked to be repatriated because they were unable to endure any longer the nightly inferno by the R.A.F.

MOBILE COLUMN WINS MEET OF H.K.V.D.C.

Hutchinson Brilliant In Free Style Relay: Corps, Army Draw Water Polo 3-3

Before a large and distinguished gathering including His Excellency the Acting Governor, Maj.-Gen. E. F. Norton, Mobile Column carried off the Inter-Unit swimming championship of the Hongkong Volunteer Defence Corps annual aquatic meet held at the Army pool at Victoria Barracks on Saturday, despite a strong challenge from the Combined Small Units who lost by the close margin of 3 points (22-19).

The Bomber Fund of the South China Morning Post to which all the proceeds from the gala were donated benefited substantially, it being announced that nearly \$2,000 was collected.

The best race of the programme was undoubtedly the Free style relay where a close and thrilling finish was witnessed. Small Units led all the way, but Hutchinson the Mobile "anchor" man swam brilliantly to beat A. V. Ozorio by just a touch.

A close and interesting water polo game between H.K.V.D.C. and an Army team concluded the programme resulting in a draw of 3-3.

Another record for Chan Chun-nam

Continuing in record breaking vein, Chan Chun-nam (Lai Tsun) shattered another Chinese National record at the Chinese Y.M.C.A. aquatic sports held on Saturday.

In the 1,500 yards free style he returned the excellent time of 21 mins. 51 1/5 secs. to lower the previous record of 22 mins. 59 4/5 secs. established by Yeung Wai-mok at the National Games held in Nanking in 1935 by 1 min. 08 3/5 secs.

Miss Ko Mui-ling again proved that she is the "top" in the Ladies section by carrying off the 200 yards free style in convincing fashion to beat her nearest rival, Miss Tsang Fung-kwan, by nearly a pool length.

FORMATION OF DORNIERS RAIDING LIVERPOOL DISPERSED BY BRITISH FIGHTERS

London Defences Baffle Raiders: Shelter Flooded

LONDON, Oct. 13 (Reuter) — Fog is taking a part in German raids on Britain as well as in R.A.F. attacks on the Reich, though yesterday morning Nazi bombers followed up the short night raids of Friday night with further attacks, mainly directed against London; bombs were dropped in one district in the capital but there were no casualties.

There were three alerts during the night which resulted in a series of reverses for the Nazis. Dorniers in the Liverpool area ran into British fighters and three were downed while the rest broke up and were chased over Wales, where one of the enemy planes in difficulty was being pumped full of bullets. One of the crew baled out over the mountains.

Eight Nazi planes were downed and eight of our fighters were lost, but the pilots of six are safe. Over 35 districts in the London area and south-east England were bombed during the early stages of Friday night by German raiders but later general weather conditions and the increasing precision of the British defence baffled the raiders with the result that the raiders passed signal came earlier yesterday morning than at any time since the aerial blitzkrieg started.

The official account of the raids issued by the Air Ministry and Ministry of Home Security says that enemy air attacks continued during the first half of Friday night but since then activity has been negligible. The attacks were mainly directed against the London area but bombs were also dropped in many places in the south and south-east, at a few points in Wales and in Scotland and in the northwest.

SHELTER FLOODED
In one London district during the night, four persons, in an Anderson shelter, were drowned when the shelter was flooded by the bursting of a water main.

In the London area bombing was widespread and damage was done to a number of houses and shops. In one district a number of people travelling by omnibus were killed or injured.

In other parts of the London area there were some casualties but full reports are not yet available.

Bombs were dropped on Merseyside at dusk on Friday evening and during the early part of the night.

The Germans lost four fighter-bombers, in raids over England yesterday morning.

Cherbourg Bombarded By Navy And Air Force: R.A.F. Pilot's Description

LONDON, OCT. 11 (BWS)—A VERY GOOD IMPRESSION HAS BEEN MADE HERE BY THE NEWS RELEASED IN AN ADMIRALTY COMMUNIQUE that concentrations of shipping in the enemy-occupied port of Cherbourg suffered a bombardment by the Royal Navy last night, in co-operation with the R.A.F.

THE BOMBING OF CHERBOURG
harbour was also mentioned in the Air Ministry communiqué this afternoon in describing last night's raids by British aircraft, but reconnaissance obviously formed a very important part of the R.A.F. assistance acknowledged by the Admiralty.

WEIGHT OF R.A.F.
The statement in the Admiralty communiqué that this concentration of enemy shipping had been detected by air reconnaissance, it is felt, will reinforce the accumulated evidence provided by the changing distribution of the weight of the R.A.F. attacks upon different sections of enemy-occupied coast that the enemy has very little chance of effecting any concentration of barges or shipping without its coming to the immediate knowledge of the British authorities.

The inevitable fate of such concentrations, once they are reported, has been demonstrated with what, to the German High Command, must be heartbreaking regularity.

NO OPPOSITION
Another feature of today's announcement, which has struck observers in London as particularly significant, is the fact revealed in the communiqué that "no naval opposition from the enemy was encountered, although it was known that enemy light forces were at Cherbourg."

Next to the intelligence that salvoes from British warships were being bursting effectively on targets, very large fires resulting, news of the bombardment which

has given the greatest satisfaction is that no damage or casualties were sustained by His Majesty's ships.

PILOT'S DESCRIPTION
The naval bombardment of Cherbourg was described today by a R.A.F. pilot, who was operating in the area at the same time. Here is his story:

"It was like hell. I imagined at first that we must be off our course, but it was Cherbourg all right—about 100 miles away. The clouds drifting across the scene were silhouetted against the white glow of fires, which were dropped incessantly over the target area from other aircraft, illuminating the place.

"As we neared it, the enemy ground defences completed the effect with searchlights, flaming ordnance and light and heavy anti-aircraft fire. We were over the target area when suddenly the navy jet fly.

"It was like five-hundred thunderstorms rolled into one. One of my crew said that even tornadoes he had experienced in the Pacific Islands came nowhere near it. Every cloud flamed in bright amber colour and we could see bursts of the first salvo plumb in the docks.

"Until then the ground defences had been blazing away at us, but this sudden blast from the sea foxed them absolutely. They did not know if it was Christmas or Easter. The searchlights went quite drunk, waving aimlessly about the sky. The guns continued firing, but goodness knows what at. There was complete chaos down below."

S'HAH MURDER SEQUEL

Outside Roads Plan In Abeyance

SHANGHAI, Oct. 12 (Reuter)—The murder of Fu Siao-en, Mayor of Greater Shanghai, has stopped negotiations over the creation of a special outside roads police force in Shanghai until such time as Fu's successor decides to take up the matter, according to the "China Press" yesterday.

Pending the appointment of Fu's permanent successor as mayor of Greater Shanghai, Soo Hsi-wen, secretary-general of the Greater Shanghai Government under Fu, will assume the functions of acting mayor.

DASTARDLY CRIME

In a special interview with the North China Daily News, as regards Fu's death, the Danish Consul-General, M. Scheel, senior consul-general in Shanghai, declared, allegedly on behalf of the Shanghai Consular Body: "I learned with extreme horror, which I am sure my colleagues will share, of the dastardly assassination of Mayor Fu Siao-en."

"I don't know the motive of this crime but such outrages are always revolting to the feelings of all right-minded people, besides being senseless and futile."

CHERISHED DESIRE

"My personal feeling is that Mayor Fu Siao-en merited the gratitude of all communities in Shanghai for his public spirit in shouldering heavy civic burdens in times of unparalleled difficulty. He frequently said that the restoration of confidence, cooperation and international goodwill in Shanghai was his most cherished desire."

JAPAN SHOWING SIGNS OF COLD FEET IN FACE OF ANGLO-U.S. DETERMINATION

WASHINGTON, Oct. 12 (Reuter)—Japan's attitude appears to be becoming more moderate and it is generally hoped here that this moderating may continue and that the tension between the two countries will be eased.

The statement by Mr. Matsuoka, the Japanese Foreign Minister, is thought to have been dictated by something approaching cold feet in the face of the very obvious American determination and the equally obvious British firmness, together with some form of co-operation between London and Washington which is under discussion.

But Mr. Matsuoka's statement has misled none as to Japan's intentions and some of his remarks would be regarded as humorous were the situation not so deadly serious.

To argue that a pact which calls for a Japanese attack on America in certain eventualities in Europe is a pact directed in America's favour, is considered too ludicrous for words, and it is also being asked by some political observers why, if Japan is so concerned over the possibility of "bringing an awful catastrophe upon humanity" in the shape of war, did she loose the same awful catastrophe on humanity in China.

STATE DEPT. OGRE

The efforts of the Japanese press to make an ogre out of the United States State Department deceives none, while the statement in the Japan Times that Japan has made every reasonable move for conciliation is not borne out by the facts of the Japanese persistent encroachment upon American Far East interests, declare Far Eastern circles in Washington.

One of the best known commentators after stating that America was looking for no pretext to fight, pointed out that Britain and America in co-operation can tighten the embargoes on shipments to Japan and apply an effective sea blockade long before their battle fleets need become engaged.

JAPANESE ENVOY TO THAILAND

TOKYO, Oct. 12 (Reuter)—Continuing the drastic reshuffle of Japanese diplomatic personnel, the Foreign Minister, Mr. Matsuoka, yesterday nominated Mr. Jingo Futami, retired diplomat and one time member of the Diet, as Minister to Thailand.

Mr. Matsuoka is also recalling Mr. Otomi Saito, Consul-General at Batavia, who will be replaced by Mr. Yutaka Ishikawa.

\$20 Million Copper Theft In Shanghai: Strong Swiss Protest Lodged With Japs.

SHANGHAI, Oct. 12 (Reuter)—The Swiss Consulate-General in Shanghai is to lodge a protest with the Japanese over the action of Japanese gendarmes in preventing the arrest of Eddy Widler, charged with the theft of an enormous haul of copper, estimated to be worth \$20,000,000, from the Commercial Express and Storage Company's godown in Shanghai.

The case is likely to be one of far-reaching international importance as it is alleged that the copper in question was really the property of the Chinese Government Mint, and Widler declares he "removed" it on the orders of the Japanese to return it to "its rightful owners."

In an interview with the China Press, Widler is quoted as declaring confidently he was immune from arrest as he was "a Japanese agent executing my duty."

Widler stated the copper in question was the property of the

EVACUATION OF U.S. NATIONALS FROM FAR EAST

NEW YORK, Oct. 12 (Reuter)—It is learned that the U.S. Government is considering sending other ships in addition to the Manhattan and Washington to evacuate Americans from the Far East. The ships are two of the largest of the United States Lines; both have a gross tonnage of 24,289 and a speed of 20 knots.

The United States Consul-General in Shanghai yesterday officially circulated non-essential American residents to evacuate the city at the first available opportunity.

It is understood that all large American firms have received authorization from their head offices in the United States to send employees and dependents back to the United States at the companies' expense.

Chinese Government and it was ordered for the Chinese Mint before the present hostilities. Shortly after it arrived in Shanghai hostilities broke out.

FRAUDULENT DEAL
According to Widler the Chinese Government then arranged a "fraudulent" deal by which the copper was made over in, the name of the American Trading Company and was stored by the latter in the Commercial Express and Storage Company godown.

"It is reported the copper was given to the American company as security for the purchase of machinery," Widler stated.

"The copper was never given as security. It still belongs to the National Mint. The whole deal was made merely because the Kuomintang wanted to keep the copper in the godown until its return to Shanghai."

FACTS OF CASE
Widler asserted that the Japanese, on discovering the true facts of the case, made two attempts to search the godown but withdrew when the American authorities refused to allow them to proceed. It was then that they called in Widler who proceeded in his own way to "remove" the copper. How exactly this was done Widler refused to divulge.

Immigration Dept. For Colony

GOVT. PLANS IN ADVANCED STAGE

Plans for the establishment in Hongkong of an Immigration Department, as a means to checking the steady influx of Chinese population into the Colony, have now reached an advanced stage.

Legislation is already in draft form covering the establishment of the Department and defining its functions. European immigration officers and Chinese assistants are being recruited.

An outstanding feature of the immigration control plan will be the introduction of an identity card scheme. Cards will be issued to all Chinese leaving the Colony in order to facilitate their return.

WAR-TIME MEASURES

The steps it is proposed to take to control immigration into the Colony are to be regarded as war-time emergency measures. It is believed, especially in high Chinese circles, that they are to fall into abeyance when the period of emergency has passed.

A valuable result will be the check the new scheme will provide to the return here of undesirable characters, men who have been expelled or banished from the Colony.

Permission for Chinese to enter the Colony, when the new scheme comes into effect, will generally be granted, it is understood, to all who are coming here to take up some definite appointment, who have been guaranteed jobs here or otherwise possess a guarantee of support.

OVER \$5,000 IN UNCLAIMED DIVIDENDS

A Gazette notification declares that a total sum of \$5,960.77, being amounts of unclaimed dividends, is to be transferred from the Companies Liquidation Account to the general revenue of the Colony, in accordance with the provisions of section 4 of the Unclaimed Balances Ordinance.

The transfer is subject to the provisions contained in the said Ordinance as to refunds.

CROWN LANDS AWARD

It is notified, pursuant to section 16 (2) of the Crown Lands Resumption Ordinance, 1900, that an award of \$191.68 has been made in respect of Lot No. 1008, in the New Territories, and that the District Officer, South, has been appointed to pay the compensation so awarded together with interest thereon, as prescribed by the Ordinance, between 11 a.m. and 4 p.m. on Friday, Nov. 1.

If no claim is made for the compensation money, the officer appointed will cause such money to be paid into the Treasury and thereafter to the general revenue of the Colony.

PROVISIONS AND STORES FOR VOLUNTEER CAMPS

Tenders are invited for the erection of matchboxes and the supply of provisions, stores, labour, including the supply of dining tables, forms, cooking and eating utensils, cooks, serving boys and coolies for the Hongkong Volunteer Defence Corps, during training and camps at various places on the Island and in the New Territories.

HAND BINS

Tenders are invited for the construction of sand bins in cement concrete and the erection of an office and retaining wall at the Central Government Store, North Point.

Tenders are invited for slitting, repairing and painting Government Grab Dredger No. 2.

POLICE HUTS

Tenders are invited for the erection of Police Huts at Bay View, Stanley and Mong Kok, constructed of timber with tiled roofs and brick and concrete kitchens and lavatories.

It is learned that the Anti-Tuberculosis Association is investigating the possibilities of establishing a sanatorium in the New Territories. A committee has been appointed to consider the financial prospect.

SEAFARERS' SUNDAY

SPECIAL SERVICE AT CATHEDRAL

H.E. the Governor, Lt. Gen. E. F. Norton, H.E. Rear Admiral A. M. Peters and Sir Atholl and Lady MacGregor were among the large congregation present at St. John's Cathedral at the special Seafarers' Service at 11 a.m. yesterday.

The service was conducted by the Rev. A. P. Rose and the preacher was the Rev. Cyril Brown of the Seamen's Institute.

Mr. Brown, in his sermon, said that Christianity was not a dull or dead religion, it was inspiring, it was uplifting, and all who kept close to Christ, and refused to leave him under any circumstances, however trying, always find comfort.

COURAGE NEEDED

He was speaking particularly to the men of the sea to whom trials and temptations were many. It needed courage for a man to kneel down and say his prayers, to refuse to tolerate obscene jokes and to maintain a clean Christian outlook, but as long as men were determined not to leave Christ, they could accomplish anything.

After the service 100 sailors and marines from one of H. M. ships in harbour, paraded in the Church yard.

EUROPEAN LADY ATTACKED

Mrs. Potts, of "High House," Mount Davis Road, was attacked by a Chinese who attempted to snatch her handbag, while walking in Mount Davis Road near the Ho Tung Path about 11 a.m. on Saturday.

AMERICAN PEACE
COMMISSION PLAN

A SHANGHAI NEWSPAPER gives prominence to a suggestion put forward by Mr. Roy Howard, executive head of the Scripps-Howard chain of newspapers, for the appointment of an American Commission to investigate the whole Far Eastern situation in an effort to restore peace to the Orient. The writer commends the suggestion as being worthy of consideration, but fails to conceal his own view that the chances of success which such a commission will have are meagre.

The idea of looking to the American continent for gestures towards restoring world peace is not a new one. Indeed, President Roosevelt's name will go down in history as one of the staunchest proponents of peace in the twentieth century. His efforts have borne the stamp of sincerity and although all his attempts in the past have failed, he must still be counted as working persistently for an early and lasting peace in every part of the world. Mr. Howard's suggestion must, therefore, be entitled to recognition in the same light, but it has become most obvious that any peace plan, which must be based fundamentally on the common rights of humanity and justice and on a free and untrammelled civilisation, cannot succeed as long as unscrupulous leaders of ruthless governments continue to be in a position to terrorise their weaker neighbours in their mad lust for power.

IF THIS VIEW is true of the west, where practically the whole of Europe has been pillaged and plundered by the most inhuman and wanton aggression the world has ever witnessed, it is also true of the east, where every peaceful effort to convince the partner of Europe's aggressors of the injustice of their actions and the terrible consequences—political, economic and social—which a continuation of this policy would bring to the whole of the Orient if it was plunged into war, has failed to evoke one spark of sympathetic understanding. The Japanese remain blind to the needs of humanity in a vain-glorious attempt to emulate their European tutors to whom they have now entrusted practically the whole of their future national existence. The Japanese have, in the past three years of their undeclared and unprofitable war against the Chinese, been afforded numerous opportunities to withdraw from their untenable position. Their obstinate refusal to acknowledge the fact that they can never wreak their will on China has only strengthened the Chinese resolve to continue to fight for their national liberty and sovereignty. The Japanese have chosen to disregard these ominous signs and have plunged into further reckless moves which have brought the spectre of war closer to the Orient.

THIS IS THE SITUATION which Mr. Howard's peace

commission will have to meet if his suggestion is put into practice. Mr. Howard is not alone in wishing to prevent a major war developing in the east, but it is difficult to see how any unilateral investigation on the lines suggested by him can hope to succeed unless the principal parties in the present undeclared state of hostilities are prepared to recede from the stand they have taken. As long as Japanese troops remain on Chinese soil, the Chinese will not be prepared to listen to any plan for a settlement of the quarrel. Japan, unfortunately, seems just as determined to avoid losing prestige by accepting such a condition as a prerequisite to negotiations. With the Japanese, therefore, must rest the possibility of putting the suggestion in effect, as the United States has repeatedly affirmed the view that she will not be able to countenance a Japanese-controlled China. The only advantage which such a peace commission would have is that it would once again show the world how vigorously America is seeking to instil a sense of reasonableness into the policies of aggressively-minded nations. With her own interests in the Orient now threatened by the very power she will have to influence in this manner, it is extremely doubtful whether official circles in Washington would accept the suggestion with any favour in view of the practical difficulties in the way of putting it into effect.

SHIPPING DEAL

Promises Given As Prize
For Nippon Help

LONDON, OCT. 6.—A HIGHLY-PLACED RESPONSIBLE DIPLOMATIC SOURCE—neither British nor Chinese but one vitally interested in the Far East—claimed today that the military pact signed recently between Japan and the Axis allies contained secret clauses far exceeding in importance the published version of the alliance.

These confidential provisions were stated to be as follows:
1. GERMANY AND ITALY agree—naturally on the assumption they will be victorious in the European war—to use their influence to facilitate Japanese annexation of the Dutch East Indies and Indo-China after the war.

2. GERMANY AND ITALY express their readiness to mediate peace between Japan and China in a sense favourable to Japan.

3. GERMANY promises to exercise her fullest diplomatic and political good offices to pave the road towards a friendly understanding, including a non-aggression pact, between Japan and Soviet Russia.

FAVOURABLE TO JAPAN: According to this usually trustworthy source, these stipulations, all favourable to Japan, were said to have been tossed into the scales to balance a significant fourth provision fixing a tentative date on which Japan will enter the war against Britain and will participate in the simultaneous worldwide blitzkrieg, including Germany's intensified blows against England and a combined German-Italian offensive in Egypt and the Near East.

PLAN TRIPLE BLITZKRIEG: In the face of "probable denials" from the participants, it may be said that the foreign diplomats and Far Eastern experts whom the United Press questioned in regard to the foregoing are deserving of credence.

It was suggested that Adolf Hitler's and Benito Mussolini's principal task at Brenner was to determine a definite date for the triple blitzkrieg and agree on its strategic and tactical aspects. The impression prevails here that continued closure of the Burma Road would find strong influence in Chungking ready to accept German mediation to bring China and Japan to the peace table, but Britain's decision to re-open the road on Oct. 17, coupled with the recently increased United States aid and prospective British assistance to China, will dissipate any inclination on the part of Generalissimo Chiang Kai-shek's immediate advisers to countenance German intercession and will fortify China's determination to continue the war.

It was recalled that in the autumn of 1938, the German ambassador to Nanking, Oscar P. von Grauert, tried to effect a Sino-Japanese settlement but this failed.

Members of the "Tone Battalion" interned at a camp in the International Settlement in Shanghai will hold a track and field competition among themselves on Oct. 20. It was announced by Col. Hsieh Ching-yuan, the battalion commander, says the Sin Wan Pao according to Reuter.

Under-Secretary for Foreign Affairs Richard A. Butler received Soviet Ambassador Ivan Malsky recently, and it was believed the two men discussed further Soviet assistance to China. This followed Soviet Ambassador Constantin Oumansky's recent meeting with American Under-Secretary of State Sumner Welles and American Ambassador Lawrence Steinhardt's conference with Soviet Foreign Commissar Vyacheslav Molotov.

It was reported also that Steinhardt and British Ambassador Sir Stafford Cripps will see Molotov shortly.

ANTONESCU WELCOMES HEADQUARTERS STAFF OF GERMAN FORCES

BUCHAREST, Oct. 13 (Reuter)—Gen. Antonescu, the Rumanian Prime Minister, staged a welcome here for the Headquarters Staff of the German forces.

It is officially described as "a military mission." It is consisted of 30 high officers under a cavalry commander, General Hansen, who headed the Nazi army of the occupation of Holland and includes also three Major-Generals, 11 Colonels.

The Rumanian Chief of Staff welcomed them at the Bucharest station and others who greeted them were the Iron Guard leader, the Foreign Minister, German, Italian, Japanese and Spanish Ministers, with military attaches.

The Chief of Staff, Gen. Joanid, in a speech welcoming the Germans, expressed the admiration for German arms and hoped for a permanent collaboration between German and Rumanian armies.

Gen. Hansen replied, declaring the Germans had responded to the voluntary call to reorganise the Rumanian army.

20,000 TROOPS

It is now estimated that 20,000 German troops have now arrived in various parts of Rumania. Several trainloads, evidently crossed Hungary, while many others arrived at Danubian ports in barges.

Later German air officers landed in the military port of Banada just outside of Bucharest, headed by 20 flying officers under Air General Spedel.

During the past few days, German aircraft, pilots and technicians have been arriving in Rumania in a constant stream.

The Rumanians only learned of the coming of the German forces through a communique in Saturday night's newspapers.

NEW WARFARE METHODS

Following the arrival here of the Headquarters Staff of the German

forces, which are to "equip and instruct the Rumanian army in the new methods of warfare," an official communique issued stated: "The former cabinet had asked Germany for help in giving instruction to the army. Gen. Antonescu (Premier) found the offer excellent and adopted it. Germany, receiving the appeal in a spirit of goodwill and friendship, decided to send a military mission, the first section of which arrived in Bucharest on Saturday, under the command of Generals Hansen and Spidel.

"During the journey through Transylvania, the population enthusiastically welcomed the glorious representatives of the German Army."

HUNDREDS OF SHOTS

BUCHAREST, Oct. 13 (Reuter)—Hundreds of revolver shots were fired by Iron Guards into the garden of a villa rented by Lord Forbes, British Air Attaché, and Mr. John Reid, Secretary of the British Legation on Friday night, shattering the windows.

The shots came from the grounds of the house next door formerly belonging to Madame Lupescu.

The firing continued sporadically the authorities declining to intervene saying that the Iron Guards were shooting at "suspects in the garden."

BUCHAREST, Oct. 13 (Reuter)—It is officially announced that the German air mission arrived this afternoon.

AXIS PLANNING DESPERATE MOVE

Continued from Page 1

large part of their forces for something else.

INVASION UNLIKELY

"I personally think that an invasion of England now is unlikely, but it still might be attempted," Mr. Churchill thinks it likely too and he said recently that the Germans had sufficient ships and a sufficiently large number of troops in Belgium and Holland for the purpose. In the meantime, there is every reason for believing that the German front line for an invasion has been pushed back owing to the unceasing attacks made by the R.A.F. on Channel ports and on military points in Germany and German-occupied territory. That is why, in my opinion, an invasion of England appears to be unlikely now. I feel sure that whatever invasion plans they made have now been disrupted.

"That is why I say that the recent intensification of the air attacks were meant to distract attention from the course of preparations elsewhere. But I also do not think that Britain will be seriously jeopardised if the Axis Powers try to move elsewhere."

GREECE AND TURKEY

"Greece and Turkey are naturally alarmed at the trend of events. Any move in South-East Europe must menace them." But against that there is the fact that the Russian attitude is still not clear. Any plans in that quarter by the Axis are bound to give Moscow a certain amount of concern, as Russia has always been jealous of her interest in the Black Sea.

"The Axis is obviously planning to strike in two directions—through Libya and Egypt to Suez and through Greece and Turkey to Palestine. In either event they will have to meet the British Mediterranean Fleet. In the four months Italy has been at war, the Italian Fleet has done very little. Indeed, they have done their best to avoid an engagement with the British Fleet. In any of these moves now being planned, the Italians will have to meet the British Fleet in a naval engagement.

"Then, the Germans will find that Turkey is not like Norway. I was their last spring and I saw enough of the preparations made there. I was told then that Turkey needed three months to complete her preparations. It is now seven months and they have a very good army. Apart from this will be the fact that they will be fighting on their own soil and on terrain not suited for a blitzkrieg.

"The Germans and Italians will also find that the crossing of the Bosphorus is just as difficult as the crossing of the English Channel.

DESPERATE MOVE

"The Axis Powers are planning a desperate move that might alter the course of the war. Even if they can conquer Egypt and take Suez Canal, they could not drive the British from the Mediterranean without taking Gibraltar and that will mean a further extension of their operations and further risks of sabotage from the hostile countries they have subjugated.

"The aims of the Axis are obvious," went on Mr. Irvin. "They are being planned not only to gain control of the Mediterranean, but to open up the road to the Far East with the help of the Japanese. Japan has now an important place in this picture. Both Herr Hitler and Signor Mussolini believe that Japan will be able to hold the United States fully occupied so as to leave them a clear course to go through with their plan in the west.

"Recent events in the United States indicate that public opinion there is changing very rapidly and that there will be no consenting to appeasement. It is agreed in the United States that the American front line is on the English Channel. More than one American today knows that the aims of the Axis Powers are not only to destroy the British Empire, but to destroy democracy.

"Most Americans are pacifists, but that does not mean that they will not fight if the safety of their country requires it. Judging from the popular measures that have already been taken, America is fully aware of the danger."

ALL THE HELP

"Britain has not sought and is seeking active American intervention on her behalf, but she is getting all the help America can give and she will get active help when it becomes necessary."

"Speaking as an American and a journalist, I feel that my country

CHINESE VICTORY IN 6-DAY BATTLE ON SOUTH BANK OF YANGTSE RIVER

CHUNGKING, Oct. 13 (Reuter)—THE CHINESE VICTORY IN THE SIX-DAY BATTLE ON THE SOUTH BANK OF THE YANGTSE RIVER, IN SOUTHERN ANHWEI, in which it is claimed the Japanese suffered 7,000 casualties, is splashed in all the newspapers here.

The reports state that the battle began when the Japanese tried to push across the south towards Ningkuo but were surrounded by the Chinese north-east of Chinghsien.

Some of the Japanese who attempted to continue the advance south along the Chingyi River were intercepted by strong Chinese columns.

The Chinese offensive launched against Nanking and Nanchang is the major development in the past week, said a military spokesman at the weekly Press conference.

South-east of Nanking, he said, mobile Chinese forces were active over a wide area, successfully capturing supplies while Chinese troops reached the outskirts of Nanchang on Oct. 5.

TOOK INITIATIVE

Chinese mobile units also took the initiative in north Shantung Province, attacking five cities north of the Yellow River above Tsinan.

The southern front was quiet except for skirmishes with Japanese troops which sallied forth to be turned back to their base by the Chinese.

The spokesman mentioned that another Japanese division in Shansi had been sent to Kwangtung.

EGGING THE FLAGGING JAPANESE SPIRIT!

TOKYO, Oct. 13 (Reuter)—JAPAN YESTERDAY MOVED FORWARD TOWARDS REALISATION OF A NEW NATIONAL STRUCTURE WITH THE FORMAL INAUGURATION OF THE NATIONAL SERVICE ASSOCIATION BY THE PRIME MINISTER, PRINCE KONOYE.

The Association will give an impetus to the "movement of assisting the Throne in the conduct of State affairs by which the old order of liberalism and laissez faire will be replaced by one of national service to the Throne with each member of the community doing his bit," states Prince KonoYE in his inaugural address.

The Premier said that Japan was faced with a grave situation, comparable to that of the restoration of 1868.

"Our nation," he declared, "is now entering a grave period in its history. The fate of our nation is dependent upon the future of the movement in serving and assisting the Throne, but the execution of this movement is not an easy task."

"However, we must overcome all obstacles that may lie in our path," he concluded.

The inaugural ceremony was attended by all members of the Cabinet and the 12 advisers and key members of the new Association.

LISBON, Oct. 13 (Reuter)—General Antonio Oscar de Fragozo, Carmona, President of Portugal, yesterday received Sir Walford Harwood Montague Selby, British Ambassador, and the President of the British Policy Society. The President also received the Rumanian Minister, M. Jean Pangal, who has been called home.

TOKYO, Oct. 13 (Reuter)—The capital broke out in a rash of Japanese, Italian and German flags yesterday as the authorities lifted the two-year ban on the public demonstrations on the occasion of the formal establishment of the National Service Association.

Turkey Warns Germany That Two Million Bayonets Stand Across Path To Middle East

LONDON, Oct. 13 (Reuter)—The situation in the Balkans is gradually becoming clearer in shape, writes Reuter's Diplomatic correspondent, and this notably true about the German invasion which is now officially confirmed. That development at least commits Germany to a line of policy which can more or less be foreseen.

It is a definite step towards the domination of the Balkans and incidentally may mark the abandonment, for this year at least, of the plans to invade Britain. Once the German hold in Rumania becomes completely effective, which is likely to be a matter of weeks, rather than days, the problems of Yugoslavia, Bulgaria and Greece will have to be tackled. It is no easy game, as in Rumania.

There has been no question of bribing Yugoslavia. She will probably have to meet the demands for passage of troops backed by an ultimatum.

But Bulgaria is likely to be tempted by the offer of a strip of territory on the Aegean at Greece's expense. It is noteworthy that despite Italian pressure the Bulgarian Government maintained correct and friendly relations with both Yugoslavia and Greece. Also her attitude to Turkey have been very steady and German propaganda, like the Italian, has made very little headway.

With the German troops occupying Rumania in force and large German air forces just across the border the position may alter but

JAPANESE INTEREST IN WANG REGIME WANING

CHUNGKING, Oct. 13 (Central)—Japanese interest in the Wang Ching-wei regime on which they have pinned high hopes for the disposal of the "China Incident" is steadily waning.

It is noteworthy that neither Premier KonoYE nor Foreign Minister MatsuoKA has made any reference to the so-called "new Central Government" or "new regime" of China in their many statements and interviews recently.

General Nobuyuki Abe, Japanese Envoy Extraordinary to the Wang Ching-wei regime, Colonel Sadaki Kagesa, Tokyo War Office liaison officer to the same regime, and other Japanese authorities in Nanking are said to have openly criticised the Wang Ching-wei regime for its incompetence.

More than half-a-year after its inauguration last March the Nanking regime has not yet won Japan's recognition.

Wang Ching-wei who expected immediate ratification by the Japanese Government of the draft agreement which he had drawn up with General Abe after protracted negotiations and formal recognition of his regime is growing more and more anxious as no news is heard from Tokyo in this regard.

WAS OPTIMISM

At the instance of Wang Ching-wei Colonel Kagesa took a trip to Tokyo to make inquiries when talks of Japan's joining the Axis alliance were high. There was optimism in a section of Wang Ching-wei's followers who believed that if Japan did join the alliance, Japan, Germany and Italy would recognise the Nanking regime.

But their hopes soon waned as neither Japan or her Axis partners accorded recognition after signing the alliance pact.

It is even rumoured that Germany is opposed to recognition. The reports are suppressed in Nanking. It is obvious that Hitler who takes a realistic and practical viewpoint is reluctant to accord recognition to the powerless Wang Ching-wei government.

There was also talk of Japan's announcement of her formal recognition of the Nanking regime on Oct. 10, China's Independence Day. But with the passing of the Double Tenth this hope was also dashed.

LOSING HEART

As a result of the failure to win Japan's recognition and gradual loss of confidence of the Japanese authorities Nanking "officials" are said to be losing heart. Though working in Nanking, most of them have their families in Shanghai, or Peking or Tientsin for fear of sudden changes, and they are noticeably lax in their duties.

Financial stringency is adding to the difficulty of the Nanking regime. Rumours of a reshuffle of the financial personnel are rife. It is said that Chow Fu-hai, so-called "Minister of Finance," will mostly probably be replaced. The impotence of the Nanking regime is best manifest in the economic side. In both North and Central China Japan is exercising steadily tightened economic control.

In North China the Japanese have recently laid down the principle of establishing a company to monopolise every industry. Import and export trade is also controlled by a company. The Nanking regime has not power over these companies.

Recently import and export in Central China has also been brought under Japanese control.

Even rice and coal in Nanking are under Japanese monopoly. Nanking "officials" can do nothing to prevent the soaring of the prices of these commodities.

BRITISH IMPERIAL ARMY EAGER TO CONTACT ENEMY

LONDON, Oct. 13 (Reuter)—Reuter's Military correspondent writes that the new British Imperial Army will be equipped with bigger and better tanks.

Factories are now turning them out together with mobile guns of various calibres—light anti-aircraft weapons, anti-tank devices, tractor carriers—at a rate unprecedented in history.

A few months ago an old British expeditionary Force escaped from Dunkirk in shirts. Today they are a completely mechanised and highly efficient army trained to a higher level than ever before.

The lessons of dive-bombing and tank warfare at close quarters having sunk in, and now that they are rested, their one desire is to resume contact with the enemy. When this happens it will be on better terms.

HIGH-FLYING MESSERSCHMITTS RAID BRITAIN

LONDON, Oct. 13 (Reuter)—The Air Ministry, in giving details of Saturday's raids on Britain, says that once again German heavy bombers left the air invasion to a large formation of Messerschmitts which flew very fast and very high over the Kent coast towards London.

Reports up to 9 p.m. showed that 11 of the enemy had been destroyed while 10 B. A. F. fighters are missing, but the pilots of seven are safe.

There were attacks in the morning, a second attack just after noon and a third about 4 p.m. Only a few planes reached the London area.

A small number of bombs were dropped on London and the suburban areas and in some places on the south coast and in Kent and Surrey.

FEW CASUALTIES

At Hastings, several houses were demolished and a fire started which was quickly brought under control. The number of casualties was very small.

From all other quarters, reports indicate that no severe damage was done and the casualties were few.

GEN. WU TE-CHEN GRATIFIED OVER GOODWILL VISIT

GENERAL WU TE-CHEN, CHINESE MINISTER OF OVERSEAS AFFAIRS AND FORMER MAYOR OF GREATER SHANGHAI, left Manila for Java, on Oct. 8, highly gratified with the harmonious relationship between the Filipinos and the Chinese in the Philippines.

General Wu arrived in Manila Sept. 25 on a goodwill mission to the Philippines and nearby countries. His group includes Edward Bing-Shuey Lee, secretary of the ministry of foreign affairs; Professor Chang Yuan-lo, private secretary to General Wu; Hwang Tiencho and Morris A. Cohen.

STATEMENT TO PRESS

On the eve of his departure, China's goodwill envoy made the following statement to the press: "There is no doubt that the role of the Philippines in world affairs is becoming more and more important."

"This country occupies such a strategic position in the Pacific area that it acts as a link in strengthening the cordial American-Philippine-Chinese relationship. Owing to their geographical propinquity, the friendly relations between the Philippines and China are bound to become closer and closer."

CLOSE HARMONY

"I wish to emphasise my gratification at the close harmony which exists between the Filipino and Chinese peoples. The Chinese in the Philippines are grateful for the protection and friendly treatment they have been receiving."

"I have the greatest confidence in the readiness of my countrymen here to co-operate in every possible way, contributing their share to the peace and order, progress and security of the Philippines."

REMARKABLE PROGRESS

"My last trip to these islands was twenty-five years ago. I am impressed by the remarkable progress everywhere. I see now a new Philippine nation, advancing apace with other nations of the world."

"I take this opportunity of thanking the Government authorities and people of the Philippines for their hospitality during my sojourn in Manila. My only regret is that my stay is so short."

"BILLINGSGATE"
ON THE AIRNazis' Four Voices
To Britain

At least four German stations now pretend to be secret British broadcasting groups. Apparently the German authorities have at last become convinced that their official broadcasts in English are either boring or ridiculous. They still maintain them, but much of Goebbels' effort seems to be devoted to the anonymous stations.

For some weeks he has been running the "New British Broadcasting Station"—a synthetic affair which specializes in being dull and out-of-date. More lately the Germans have begun what they call the "Workers' Challenge Station"—probably a challenge to the workers to make out what the station is saying. News is given out in what is meant to be working-class idiom: all that happens is that with careful German precision—a schoolboy's or a Billingsgate adjective is put with unfailing regularity in front of every noun.

BLASPHEMY

For the next station, the "Christian Peace Movement," the Germans turn easily from Billingsgate to blasphemy, freely quoting the Gospels to buttress Goebbels' campaign of the moment. The singing a hymn usually brings the programme to a close.

Then there is "Radio Caledonia," which broadcasts supposedly depressing accounts of stocks, shares, and sayings in Great Britain—clearly with the hope of appealing to the canny Scots mind.

Altogether, the day's vapourings from the Propagandaministerium have become both duller and in worse taste than before. Bremen has lost its novelty, and the Germans have devised nothing in its place.

Information has been received from the Director, League of Nations Eastern Bureau, Singapore, to the effect that Hongkong has been declared an infected port on account of cholera, as from Sept. 24, by the Director, Prevention Bureau, Tokyo.

GENEROUS
CHINESE GIFT
TO GOVT.

Mr. Alan Loke, one of the best-known Chinese in the F.M.S., has made a most generous contribution to Government for the war effort.

Four plots of land in Seremban, each of about 2,400 sq. ft. owned by him, were required by Government for defence purposes, and the usual steps were taken to re-valuation them. Normally, compensation would have had to be paid and the cost to Government would have been very substantial.

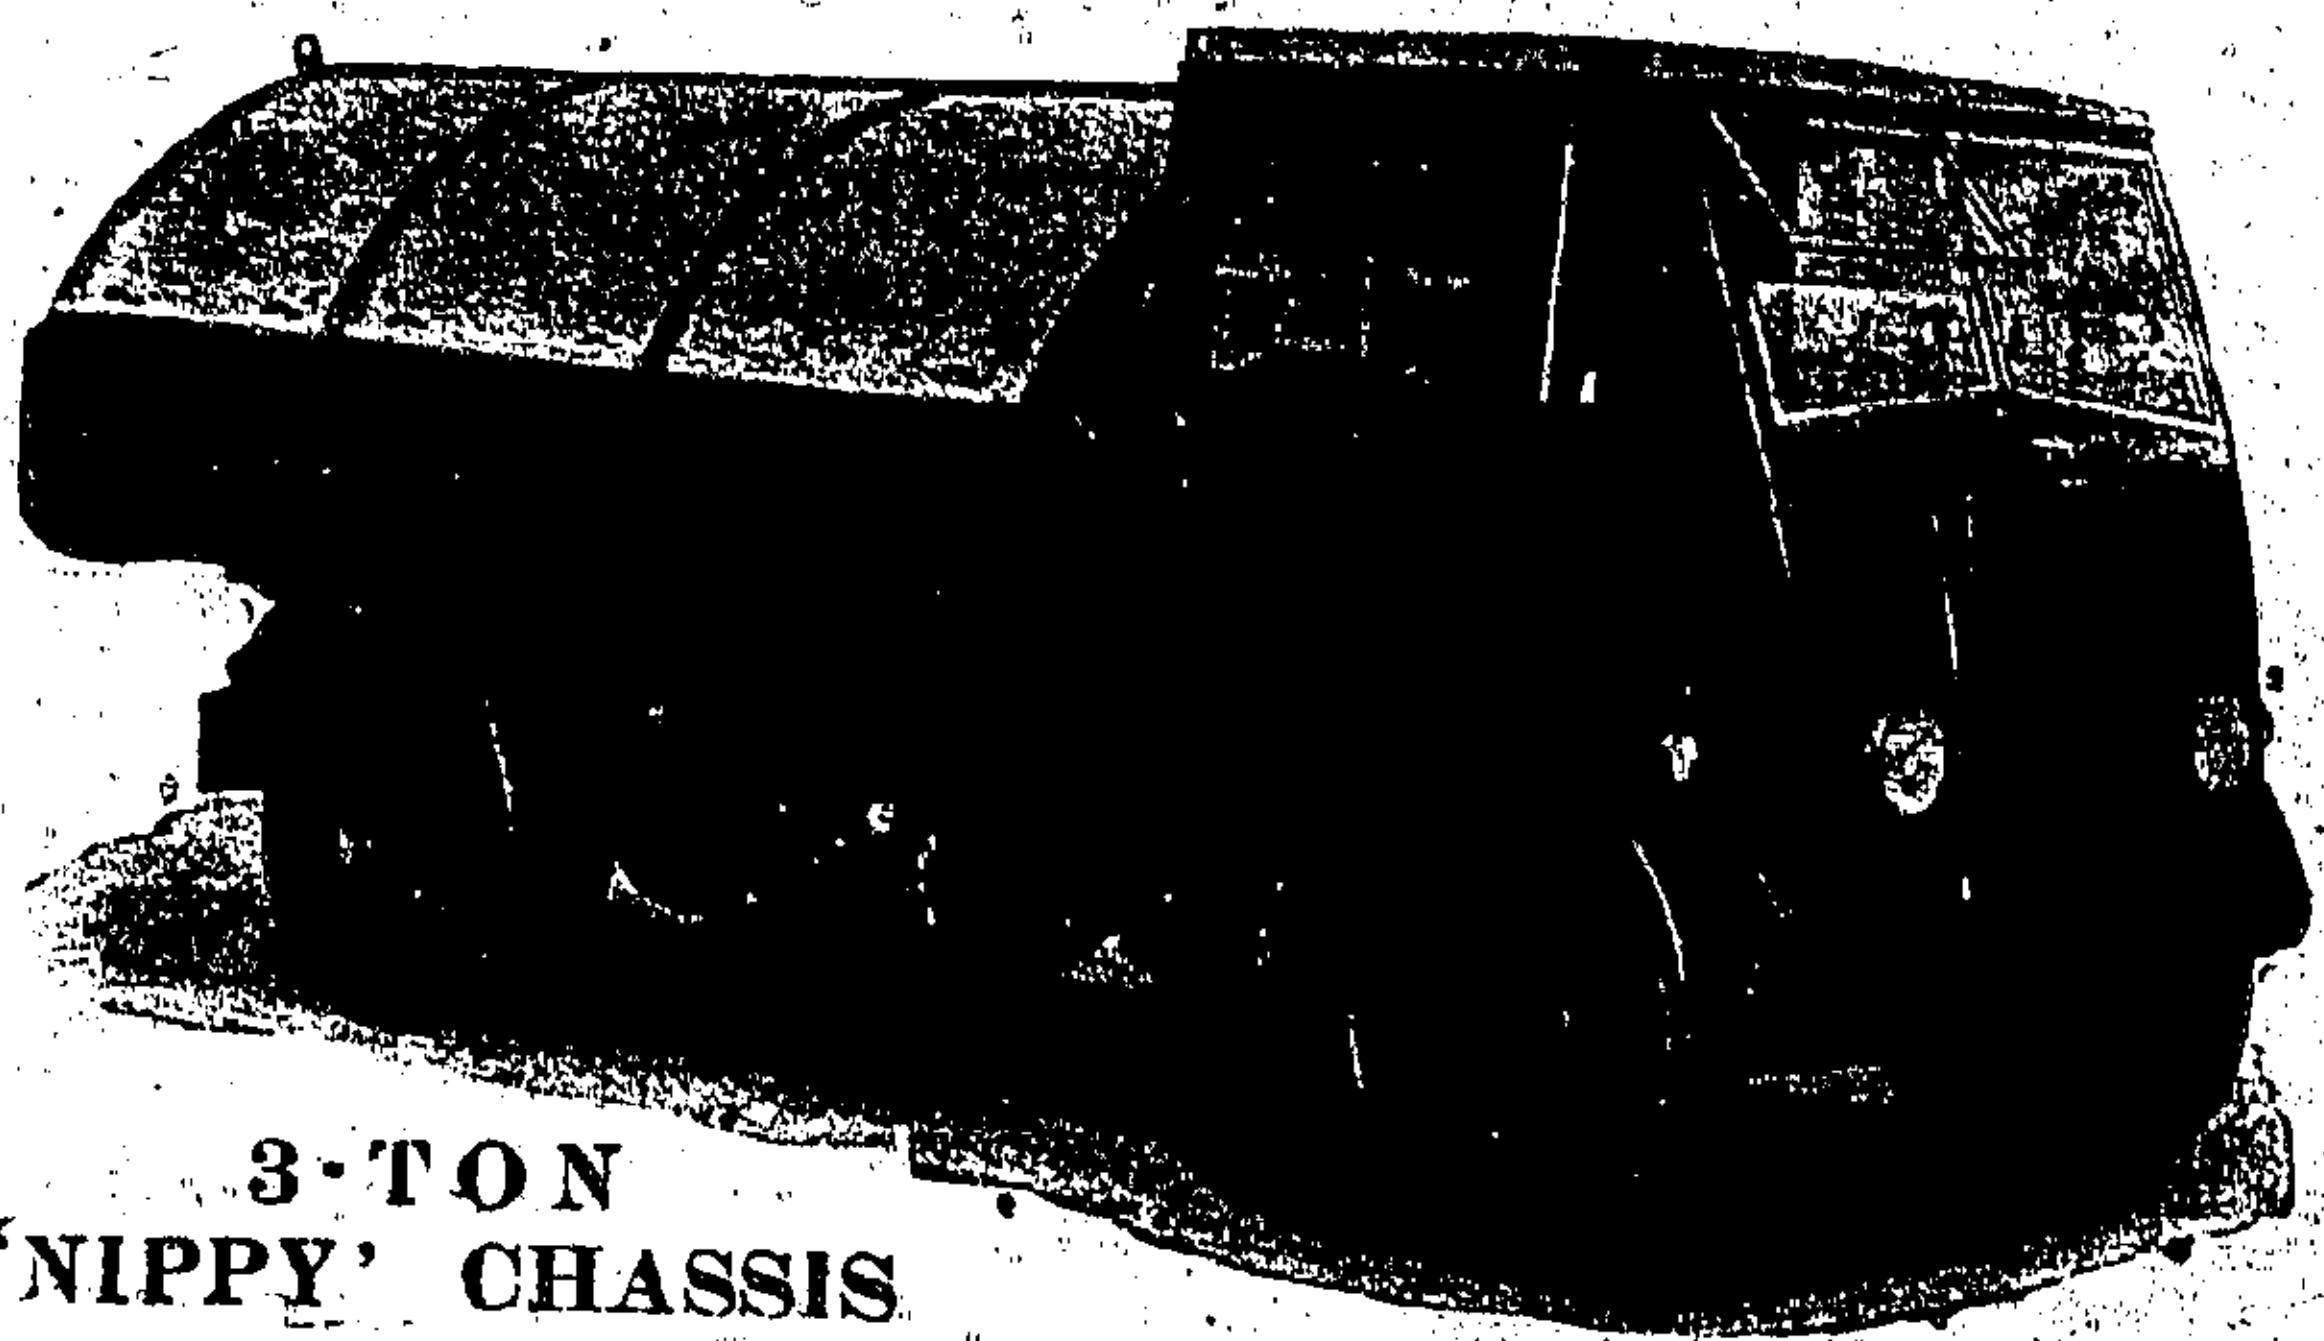

However, on learning that these lands were required for defence purposes, Mr. Alan Loke immediately and spontaneously offered to place them at the disposal of Government free of any charge, cost or compensation.

In his own words, Mr. Alan Loke "counts it an honour that he is able in this way to be of assistance to the Government of the State at this time."

The State Government has suitably thanked Mr. Alan Loke, who is a member of the Loke family, whose fortunes were built up by that fine old F.M.S. pioneer, Dr. Loke Yew.

MIDWIVES AMENDMENT ORDINANCE

The Government Gazette contains the draft Bill of an Ordinance to amend the Midwives Ordinance, 1910.

Be it enacted by the Governor of Hongkong, with the advice and consent of the Legislative Council thereof, as follows:—

1. This Ordinance may be cited as the Midwives Amendment Ordinance, 1940.

2. Sub-section (1) of section 4 of the Midwives Ordinance, 1910, is amended by the substitution of the words "eight other persons, two of whom shall be certified and enrolled midwives under this Ordinance," for the words "six other persons."

3. Sub-section (2) of section 4 of the Midwives Ordinance, 1910, is amended:—

(i) in paragraph (a) (iii) by inserting the following words after the word "training":—

"(including such training after enrolment, at such intervals and for such periods as the Board may prescribe)";

(ii) in paragraph (e) by inserting the following words after the word "misconduct":—

"or of any midwife who, in the opinion of the Board is so inefficient, by reason of her not attaining the standard of proficiency required by any regulations for training after enrolment, that in the opinion of the Board it would be dangerous to allow her to continue to practice."

4. Clause 2 of this Bill, therefore, increases the personnel of the Board to nine, two of whom will be certified and enrolled midwives.

5. Section 4 (2) of the principal Ordinance enumerates the powers and duties of the Midwives Board. Paragraph (a) (iii) empowers it to make regulations, subject to the approval of the Governor, regulating the course of training and the conduct of examinations. Paragraph (e) empowers it to decide upon the removal from the roll of the name of any midwife for disobeying the regulations or for other misconduct, and upon the restoration to the roll of the name of any midwife so removed.

(6) Doubts have been expressed as to whether the powers in the said paragraphs were sufficiently comprehensive to authorize regulations providing for post-graduate training or for the removal from the roll of those not attaining the standard of proficiency required by such post-graduate training regulations.

7. Clause 3 of the Bill amends the two paragraphs so as to remove these doubts.

8. Clause 4 of the Bill amends the two paragraphs so as to remove these doubts.

H.K. FINANCES

Three million dollars more revenue than was received in the same period last year is shown in the monthly comparative statement of the Colony's finances which gives the revenue from the beginning of the year as \$27,842,987 as against \$24,685,400 last year.

However, half a million of this year's receipts is "war revenue."

The Post Office is ahead of schedule with \$2,086,394 in revenue as against \$1,820,814 received last year.

Revenue for July was \$4,744,108, an increase of half a million over July, 1939.

Expenditure last month was \$5,197,988, which is \$2,000,000 more than was spent in July, 1939.

The expenditure for the year to the end of July is \$28,149,588 which is about \$7,000,000 more than for the same period last year.

Expenditure for July exceeded revenue by \$1,453,880 thereby reducing the balance of assets over liabilities which at the end of June stood at \$18,238,450 to \$16,784,571.

WORKSHOPS ORDINANCE AMENDMENT

The Government Gazette publishes the draft Bill of an Ordinance to amend the Factories and Workshops Ordinance, 1937.

Be it enacted by the Governor of Hongkong, with the advice and consent of the Legislative Council thereof, as follows:—

1. This Ordinance may be cited as the Factories and Workshops Amendment Ordinance, 1940.

2. Sub-sections (1) and (2) of section 8 of the Factories and Workshops Ordinance, 1937, are repealed and the following sub-sections are substituted therefor:—

8.—(1) Every person who contravenes or attempts to contravene or fails to comply with any provision of this Ordinance or of any by-law made thereunder shall be guilty of an offence against this Ordinance and shall be liable on summary conviction to a fine not exceeding two hundred and fifty dollars: Provided that in the case of a continuing offence the magistrate, if satisfied that the offence has been knowingly and wilfully committed during a period exceeding ten days, may, in addition to the said fine impose a further fine not exceeding fifty dollars per day in respect of each day of such excess.

(2) The proprietor of every factory, workshop or industrial undertaking in respect of which any offence against this Ordinance has been committed shall be guilty of a like offence.

3.—(1) Every person who contravenes or attempts to contravene or fails to comply with any provision of this Ordinance or of any by-law made thereunder shall be guilty of an offence against this Ordinance.

(2) The proprietor of every factory, workshop or industrial undertaking in respect of which any offence against this Ordinance has been committed shall be guilty of a like offence.

(3) It shall be no defence to a prosecution of the proprietor of a factory, workshop or industrial undertaking for an offence under this section that the offence was committed without his knowledge or consent or that the actual offender has not been convicted of the offence.

4. It appears therefore that whilst sub-sections (2) and (3) provide for a summary fine in the case of a proprietor even where he is not the actual offender no express provision is made in sub-section (1) for a summary fine on offenders who are not proprietors nor is any special provision made for offences knowingly and wilfully persisted in over a considerable period.

5. Clause 2 of this Bill recasts the first two sub-sections of section 8 of the principal Ordinance in order to remedy these defects.

The whole of the \$45,000,000 Treasury bills offered was allotted at the average rate of 21/8 Os. 4/8d, which was similar to last week's.

ESTRANGED WIFE OF MANILA LAWYER RETURNS TO CONTINUE CLAIM AGAINST MINING COY.

MRS. IDONAR SLADE PERKINS, estranged wife of Eugene A. Perkins, prominent Manila lawyer and consul for Thai (Siam) is arriving in Manila on Oct. 21, on the ss. President Pierce, according to reports received by her friends in the city, reports the Manila Bulletin.

It was hinted that Mrs. Perkins is returning to Manila, after an absence of seven years, to carry on the legal fight now being waged before Judge Mamerto Roxas, of the Manila court of first instance, for the payment of P71,379 representing dividends allegedly due and payable on 52,874 shares of the Benguet Consolidated Mining Company stock in the name of Mr. Perkins.

MR. PERKINS BROUGHT SUIT AGAINST THE BENGUET CONSOLIDATED MINING COMPANY DEMANDING PAYMENT OF THE AMOUNT. In an amended complaint, Mrs. Perkins and her New York lawyer, George Englehard, were named co-defendants. The case is now being heard by Judge Roxas. Mrs. Perkins is represented by Alva J. Hill, Manila attorney.

SURRENDER REFUSED

Mrs. Perkins was committed to bail for refusing to surrender to her husband the certificates of the Benguet shares in her name as directed by the court. Held for contempt, Mrs. Perkins succeeded in obtaining her provisional liberty on a nominal bond of P100. While thus freed, Mrs. Perkins left for the United States. An attempt to extradite her failed when Governor General Murphy refused to give his sanction.

While in the United States, Mrs. Perkins obtained judgment from the New York supreme court awarding her ownership of the 72,000 shares of the Benguet Consolidated stock. The case was brought up by Mr. Perkins himself in the New York tribunal. Recently, Mrs. Perkins was awarded a P421,000 judgment by the California supreme court against the Benguet Consolidated Mining Company. The amount represents accumulated dividends on the 72,000 shares.

CONTEMPT ORDER

Whether Mrs. Perkins will be committed to jail upon her return to the city in view of the contempt order against her was the subject of speculation yesterday in court circles. Some quarters held the view that Mrs. Perkins may not be held liable any longer in view of the favourable judgment she obtained from the New York tribunal. Other quarters, however, were of the opinion that she is still amenable to the order on the ground that the New York decision has no effect on the contempt order against her.

CLEANING UP LONDON

LONDON, Oct. 12 (Reuter)—Five thousand Pioneer Corps men and large numbers of unemployed will start work on Monday clearing and salvaging debris resulting from air raids in the London area.

The most heavily bombed areas in east and south-east London, will be dealt with first.

Mechanical plant for the rapid removal of debris is being obtained, and to assist in this work numbers of mobile cranes are being brought from America.

NAZI ACTIVITIES IN U.S.

NEW YORK, Oct. 12 (Reuter)—The Dies Committee which has been examining un-American activities has seized the records of "certain organizations and persons in New York in connection with enquiries into Nazi activities throughout the country."

Mr. Martin Dies said information obtained had been turned over to the State Department "because it involves our foreign policy."

AUSTRALIAN WOOL FOR JAPAN

TOKYO, Oct. 12 (Reuter)—Japan has just arranged to import from Australia the July quota of wool amounting to 25,000 bales.

Monthly quotas were taken regularly until the end of May but the June quota was not taken until July.

It is understood Tokyo complained that Australia refused quota permits but the Commonwealth is still anxious to continue the existing arrangement for Japan to take 300,000 bales this year.

P.I. MOVIE CENSORS BAN NAZI NEWSREEL SHOWING WAR SCENES

Concern felt in Philippine official quarters regarding the showing of a German newsreel recently brought in for the P.I. German consulate and passed upon by the Philippine board of review for moving pictures resulted in an official action on the part of the board to ban the pictures completely.

ACTION TAKEN

The action was taken by Dr. Bienvenido M. Gonzalez, president of the University of the Philippines, who is chairman of the board of review for moving pictures. At the invitation of the German consul, Dr. Gonzalez on Aug. 27, 1940, previewed six rolls of German films said to be depicting views taken behind the German lines in the present war in Europe. Some reports said specifically that the views included German military action in conquered territories in the mainland now under German control.

These films were shown to German nationals in Manila but it was gathered that a recent attempt to exhibit them at a local club to which some Filipinos had been invited evoked the opposition of Philippine Army officials. The showing was not held.

MISINTERPRETATION

Explaining his action against further exhibition of the German newsreel, Dr. Gonzalez said their showing was likely to give rise to misinterpretations. He said the newsreel in question is in deposit in the offices of the chairman of the board pending its re-export.

The German consulate denied that any attempt has been made to show the picture to other than German nationals. The consul said, "It was not intended for anybody else except for the German nationals here." It was understood the consulate will not appeal the decision of the chairman of the board of censors since the newsreel already has been shown to German nationals.

The office of the United States High Commissioner was apprised of the matter informally but no official cognizance was taken.

Major Gen. Basilio J. Valdes and Brig. Gen. Vicente Lim refused absolutely to comment on the question.

HEROISM IN
SOMALILAND****POSTHUMOUS
AWARD OF V.C.**

LONDON, Oct. 11 (HWS)—His Majesty the King has approved the posthumous award of the V.C. to Lieutenant (acting Captain) E. C. T. Wilson, East Surrey Regiment, attached to the Somaliland Camel Corps, who, in the words of the official notification was "fighting to the last and was killed."

KEY POSITION

Lieutenant Wilson was in command of the machine-gun posts manned by Somali soldiers in a key position of an observation hill and defended the post in defensive organisation of the Tug Argan Gap in British Somaliland. The enemy attacked the hill on Aug. 11. Lieut. Wilson and the Somali gunners, under his command beat off the attack and opened fire on the enemy troops attacking the mill hill, another post within his range. He inflicted such heavy casualties that the enemy determined to put his guns out of action.

TWO DIRECT HITS

They brought up a pack battery to within 700 yards and scored two direct hits through loopholes in his defences, which, bursting within the post, wounded Lieutenant Wilson severely in the right shoulder and left eye, several of his team being also wounded. His guns were blown off their stands, but he repaired and re-

placed them and, regardless of his wounds, carried on while his Somali sergeant was killed beside him.

This was only the beginning of Lieutenant Wilson's heroism. On Aug. 12 and 14 the enemy again concentrated field artillery fire on his guns, but he continued, with his wounds untended, to man them. On Aug. 15 two of his machine posts were blown to pieces, yet Lieutenant Wilson, now suffering from malaria, in addition to his wounds, still kept his own post in action. The enemy finally overran the post at 5 p.m. on Aug. 15, when Lieutenant Wilson, fighting to the last, was killed.

**London
Express Train
Derailed**

LONDON, Oct. 13 (Reuter)—A number of people were killed and 50 believed injured when an express train, bound for London, derailed when approaching the London area.

As the express was approaching a certain station at speed, a barrow fell on to the line and was carried forward by the engine until it became wedged in some points causing the derailment.

The engine overturned and a number of coaches were telescoped and some others overturned.
